

THE LAMB

St John's School Weekly Newsletter

Issue 250

From the
Headmaster

A very warm welcome to all readers of The Lamb, the St John's weekly newsletter which celebrates the variety and richness of life at St John's. As we start a new academic year I would personally like to wish the new boys and staff all the best for their time here. I would also like to wish all the boys in Year 8 every success in their final year and introduce you to our Head Boy, Ansh and Deputy Head Boys Albert and Oscar, who will assist with the smooth running of day-to-day life at school this year.

It is a particular pleasure to return to a more normal St John's life after the past eighteen months. I have really missed our assembly time and returning to our normal routines in the Centenary Sports Hall with singing, presentations and discussions has been uplifting.

Year 8 spent an excellent day in Epping Forest on their Geography and Science Field Trip and I was able to join the U13A rugby team at Gresham's, in Norfolk, last weekend. I was delighted to see the team play so well and be super ambassadors for St John's on their mini tour. Our U12 and U13 teams were in action again in the autumn sun against Belmont on Wednesday, the results are on pages 16 and 17.

Many congratulations to Benyamin on his enterprising summer and to all the boys who have achieved success in their recent music exams. I wish you all a restful weekend and look forward to seeing those of you who can make it at the Moor Park Fun Run on Sunday.

Welcome Back!

Hello everyone and a very warm welcome to a new school year. A special welcome to all our new boys, their families and new staff. The whole St John's community is ready to help you settle in. It was great to see the whole School from Years 3 to 8 in assembly on the first day of term in the Centenary Sports Hall, to sing together for the first time in eighteen months and to share summer holiday stories as we embark on a new and exciting academic year at St John's. We look forward to welcoming our whole community back to school events, we have missed you!

If you are new to the School, The Lamb is our weekly newsletter which reports on the many and varied activities which happen each week. It is uploaded onto the School website on a Friday afternoon/evening and you should also receive an e-mail notification. Please advise us via the lambeditor@st-johns.org.uk email if this doesn't happen and you will be added to the database. That e-mail is also the one to use if you have any items you think could be included or any pictures taken at school events you would like to share. We look forward to a busy, productive and happy term ahead.

Congratulations Ansh

Congratulations to our new Head Boy, Ansh and his deputies Albert and Oscar. Theirs are roles of significant responsibility and we wish them every success as they join the long line of boys who have represented St John's over the years. You can learn more about what they will do and what they are looking forward to overleaf.

Meet our new Head and Deputy Head boys

My name is Ansh and I am honoured to have been appointed as Head Boy for the academic year 2021/22. I intend to undertake the role with commitment, passion and wherever required and possible, make a positive difference to our school life.

I am a huge sports fanatic and unashamedly confess to being totally addicted to all things related to the game of golf! I am currently playing off a handicap of 11.5 and hope I can inspire as many of you as possible to take up this wonderful game.

I aim to be a Head Boy who is approachable, a role model to the younger students and your voice to the wider School community.

I joined St John's the year Mr Robinson became Headmaster and by coincidence, we will both be leaving the school at the same time. For my part, I want to try and ensure we recognise his remarkable contribution to our School and for there to be a fitting tribute at the end of the year. I look forward to working with you all.

My name is Oscar and I feel incredibly privileged to be a Deputy Head boy for St John's. After the challenges of the last eighteen months I am looking forward to playing my part in our School's return to a new normal! Helping the staff and boys in this and assisting in the smooth running of each school day is something I look forward to immensely. I am excited about the return of team sports and school trips and look forward to welcoming families and friends to our events such as Arts Evening and the Carol Service. It finally feels like we can burst some bubbles – both socially and academically!! this year. I look forward to working with you all.

My name is Albert and I am one of the two Deputy Head Boys at St John's this year. Oscar, Ansh and I are looking forward to working together as a team. I feel honoured that I shall be representing the School on Remembrance Day by laying down the wreath at the War Memorial. I am looking forward to setting a good example to the younger boys. One of my main goals is to make the School a more eco-friendly environment, ensuring that lights are turned off in empty classrooms and when parents come to drop off their children I hope we can remind them to turn the car engine off and not leave it on idle. I have attended St John's since nursery. The school has helped me in so many ways and in my role of Deputy Head boy I have the opportunity to give something back to the community.

Our new Chair of Governors and staff members

Mr Martin Robb joined as Chair of Governors this term, having been on the Governing Board since 2009, where he has helped the School with its property needs and also on the finance side. Whilst born in Edinburgh, he was brought up from the age of nine in Northwood and unfortunately, his parents sent him to St Martin's, from where he has fond memories of many sporting fixtures against St John's. The rivalry was intense! He then went to Merchant Taylors' School where he became aware of the Merchant Taylors' Company, largely as a result of the Triennial Service that the School holds for all the boys at St Paul's Cathedral. He joined the Company as an Apprentice a very long time ago, working his way through the level known as The Freedom, then The Livery, and in 2020 he joined The Court (which is effectively the Board), serving in his first year in the splendidly titled role of "Under Renter Warden". It was via the MT Company that Martin was asked to become a Governor at St John's in the first place. Away from the School, Martin is a specialist property investor focusing on the Healthcare industry. He celebrated his silver wedding anniversary with his wife, Georgina, during lockdown last year. They have two girls, both of whom attend RMS in Rickmansworth. When not in the office, or at St John's, or doing childcare duties, you will most likely find him at Denham Golf Club, or watching some Rugby or Cricket.

Miss Little. I have had a brilliant start to term here at St John's. My form, class 4L, have been incredibly friendly and helpful to me in my first few days. I am extremely grateful to be teaching here and appreciate the warm welcome from both staff and pupils who have made it very easy for me to settle into the School. I have been impressed by the positive attitude and passion all the boys have for their work and learning. I am excited to get to know the wider St John's community over the coming year and hope to meet you all very soon. I look forward to seeing what this year will bring.

Mr Colgate. It has been an absolute pleasure kicking off this year working with the Eagles. The transition from PE to Pre-Prep has come with some welcome challenges and learning opportunities which have been made easier with the help and support of teaching staff and parents alike. I feel incredibly fortunate to have the opportunity to assist with teaching such a bright, entertaining group of young boys and I am looking forward to seeing how they develop and grow.

More new members of staff

Mr Corin. I have thoroughly enjoyed my first few days here as Head of Music. I have felt warmly welcomed by all members of the school community. The boys have worked with high levels of enthusiasm during our opening lessons and I have been overwhelmed by the positive attitudes towards music-making. Highlights have included strong, confident singing from the Senior Choir, superb woodwind playing in the Wind Band and, of course, impressive lyric learning in the Pre-Prep. I am excited about the year ahead.

Mrs Moran. It's like I've never been away! I have returned to St John's as a Teaching Assistant in the Badgers and Lead First Aid, after spending two years at a girls' school in Kensington. Everyone has welcomed me back and made me feel at home, boys, staff and many parents. Thank you. Life is just as busy as ever at St John's and I have enjoyed my first week back.

Mrs Wilson. Having made the decision to step down from my full-time role, I am very excited to be teaching International Studies to the Pre-Prep. I have really enjoyed putting the curriculum together. We will be looking at a new country each half term, so when the boys have completed their time in the Pre-Prep, they will have learnt about eighteen different countries. The aim is to give the boys a basic understanding of the geography and history of these countries but also to look at their culture, customs and culinary specialities. I have planned lots of practical activities and my main aim is that the boys enjoy these lessons. I hope they will be telling you lots of new things that they have learnt about life in different parts of the world.

Ms Maele. I am so delighted to have the opportunity to work at St John's and have immensely enjoyed my first week. I accompanied Year 8 on the fieldtrip to Epping Forest last week where the boys demonstrated great enthusiasm and hard work as they collected data for their geography coursework. I am very grateful for the warm welcome I have received from all the staff and pupils. This is helping me settle very well, so much so that I already feel part of the St John's family. It is wonderful to teach geography and I am impressed by the excellent behaviour and positive attitude to learning from all the boys. As well as teaching geography to Years 5 to 8, I am running the Origami Club, which will be offering exciting activities for the boys. I feel honoured to be part of St John's and I look forward to an edifying year!

Benyamin's Weird Whale Success

Benyamin in Year 8 had a very exciting summer holiday. He made a remarkable amount of money after creating a series of pixelated artworks called *Weird Whales* and selling non-fungible tokens (NFTs). With NFTs, artwork can be “tokenised” to create a digital certificate of ownership that can be bought and sold. They do not generally give the buyer the actual artwork or its copyright. He is keeping his earnings in the form of Ethereum - the crypto-currency in which they were sold. This means they could go up or down in value and there is no back-up from the authorities if the digital wallet in which he is holding them is hacked or compromised. He is the first person in modern history to accumulate so much wealth without ever having had a traditional bank account and his Dad says that his success is a harbinger for an emerging post-banking, internet first monetary network. His story was featured on the BBC, ITV, and in the press including The New

York Times, Time Magazine, The Guardian and The Daily Telegraph etc.

Benyamin started programming when he was five and now does 20 to 30 minutes of coding every day. He created his artwork using Pixel Art software after watching YouTube tutorials. He launched his collection of 3,350 *Weird Whales* on July 19th and the collection went viral, selling out in nine hours. Similar to Pokemon cards and other collectibles, each *Whale* is programmatically generated and coded with a different rarity score making some whales more sought after than others. The highest whale sale to date is 25,000 dollars. Benyamin has made YouTube tutorials about his hobby, which he enjoys alongside swimming, badminton and taekwondo. He says, “Coding is like a superpower, but it’s not the only one. Find and cherish your superpower. If you like cooking, cook, dancing then dance!” <https://opensea.io/collection/weirdwhales>

Year 8 Field Trip to Epping Forest

On Thursday, Year 8 went to Epping Forest on their geography and science field trip. The trip was brought forward to the 9th of September and we were very fortunate to have good weather, of course, in comparison to last year's downpour and winds. The day started with an introduction to our activities at the Field Centre followed by geography investigation at the Pillow Mounds where the boys examined 'The Impact of Tourism on the Pillow Mounds.' Here, the boys demonstrated high-levels of engagement and enthusiasm as they investigated the effect of footpaths on the soil and vegetation using various instruments. They developed hypotheses, asked very meaningful questions and recorded their data. In the afternoon, we returned to the Field Centre

where we had lunch and rested before we embarked on science exploration of the Pond Dipping. The boys undertook this task with the same impressive work ethic. They keenly used scientific tools to explore and observe the pond's micro-habitats. Their focus was on the biodiversity of invertebrates in the pond, which to our great excitement, included water bugs and dragonfly nymphs. The trip was without doubt, very successful, as it has enabled the boys to carry out fieldwork, enhance their knowledge and research skills but also complete the practical learning elements of their curriculum. We are grateful to all the staff at Epping Forest Field Centre, Mr Jenkins and Mr Saffer.

Mr Lawrence and Ms Maele

Gardening Club: the shape of things to come

Over the summer Mr Doughty, our Head Groundsman, and his team worked tirelessly to prepare the new area for our allotment garden. They installed five new raised beds made from substantial timber, located at the very most northerly aspect of the grounds at St John's School. This superb plot receives the sun (when we get it) from late morning to late evening so we are definitely hoping for great results.

Our team for the coming year comprises a bunch of really enthusiastic gardeners: Aary, Ansh, Cato, Dhilan, Josh, Maxmilian, Rishi, Ananda, Anay, Kayhan, Thomas and Vineel.

We've got an enormous amount of work to tackle in order to turn our new area into a garden to be proud of and undoubtedly with the boys' hard work and dedication we will achieve this goal. On our inaugural day, we moved many of our tools to the new site and transplanted the rhubarb.

From experience last winter, when we were deluged with rain, this area became quite muddy, so boys attending the club should keep a spare pair of wellies at school to avoid spoiling their shoes.

Mr Newman

What is Votes for Schools?

Votes for Schools is our way of connecting with current affairs. We find out more by looking through the slides, discussing with others and expressing our pupil voice. All students from Year 3 to 8 are presented with the 'Question of the Week' on Monday in assembly and then have a week to place their vote and comment.

All of the slides and votes forms are on the Google Classroom:

<https://classroom.google.com/c/Nzg1OTIxOTI4OFpa?cjc=tcl5eou> The class code for this is: tcl5eou. While we are going to be talking about the question each week in form time, we would also like you to get talking at home with your family and friends too! Results are published here in the Lamb each week. If you have any questions, please contact Mrs McSween. vmcsween@st-johns.org.uk

Are tests the best way to show what you have learned?

This week our focus has been on testing and assessments. Due to the Coronavirus, the big tests that usually happen in England & Wales were cancelled for 2021. This included SATS for Year 6! Instead, learners were given results by their teachers.

These were based on what teachers felt they had learned and understood.

Where did you stand in the voting this week?

Next week's question

Will climate change affect children's rights?

Be informed.

Be curious.

Be heard.

Vocab

COP26:

"COP" stands for "**Conference of Parties**". This basically means lots of different people working towards the same goal.

COP26 is the **26th** meeting of a group of world leaders taking action against climate change.

A new year in the Pre-Prep

Over 120 excited boys started a new year in the Pre-Prep. For many it was the first time they had been able to see their classrooms and explore the school grounds. For others it was a chance to catch up with old friends and chat about the summer. Everyone has settled well and the boys are already very busy.

Welcome back to the Juniors

All four classes seem to have settled well to life in the Juniors. The Year 3 boys seem excited about the new opportunities, such as visiting the DT and Art room, whilst the Year 4 boys are feeling like old hands; they pretty much know the ropes. Occasionally, someone cannot remember exactly what the routine was before the pandemic, but this article is about

the boys not the staff! On a serious note, it is lovely to have everyone back in school, singing in assemblies, attending sports clubs, moving around from lesson to lesson and enjoying all the interactions that prep school life should afford. It's been a terrific start to the year, long may it continue.

Year 5 prepare for Design & Make challenge

Year 5 have enjoyed their sessions down in the D&T workshop this week. Learning to programme sparkles and motors will be really useful when they are set the Design and Make challenge next week.

Back in the art studio

It is lovely to see the boys back in the Art room. We have had a busy week! 1. Aarav in 3W is creating a kaleidoscope pattern. 2. Year 7 boys are working on self-portraits. 3. Junior Art Clubbers have been painting Autumn trees. 4. Hugo in 4L has drawn an abstract portrait. 5. Aarav in 4M is adding colour to his Paul Klee drawing.

Starting on the right note in music

We have very much started the year on the right note in music! The boys have worked very hard in their opening class music lessons of the year. There has been a strong level of active engagement with music-making. Highlights from class lessons have included body percussion performances, Harvest Festival preparation singing and expressing musical opinions within critical listening exercises.

It has been a joy to welcome the children back to our many ensembles that have started this week. The Senior Choir sang with gusto in their first session back. It has been delightful to see a sea of smiling faces singing with enjoyment and we cannot wait for next week's rehearsal! The Wind Band began to sight-read an arrangement of a favourite medley from the film 'Pirates of the Caribbean' - a skill they tackled with high levels of professionalism. The String Group of St John's now has many

new members, it is exciting that many of our ensembles are growing.

If your son is interested in joining an ensemble that he is not currently part of, please do fill out this short google form:

<https://forms.gle/1CJu659F9DespvHL6>

Playing or singing as part of a larger musical community is a wonderful experience for anyone. We are always keen to welcome boys to ensembles so they can continue to embrace their musical journey through the School together.

Instrumental lessons delivered by our visiting music teachers have also re-commenced this week. We have been impressed with the number of boys who are regularly visiting the notice boards in the music department to double check when their instrumental lesson will be - this aspect of organisation has helped boys to settle smoothly into their instrumental lessons.

Annual rugby match against Greshams

On Friday 10th September 2021, the St John's Year 8 First XV travelled up to Norfolk to play rugby at a historic and prestigious fixture against Gresham's. After a delicious three course dinner in the evening, we went bowling in Norwich City Centre.

The next day we warmed up as a group, working on catching, tackling and consolidating the structures we had put into place during training. The game commenced with us kicking to Gresham's putting a lot of pressure on them from the start. Gresham's scored first but Aaron equalised soon afterwards. However, their captain managed to score a couple of tries and took the game slightly away from us. Shortly after half time we attempted one of our structures and Jacob managed to score a hat trick using these pre-planned moves.

The game was on a knife edge going into the final ten minutes with St John's two behind. Amos and Zac managed to grab tries but Gresham's also scored two more tries. The final whistle blew and disappointingly we lost by two tries with the end score being 30 - 40. The game was played in the right spirit and when we had possession, we looked a well drilled and a strong team. Another brilliant fixture against Gresham's came to a close after the match tea.

After the match we went to the beach where the boys played rugby in the sea. They also enjoyed ice creams after a hard day's work on the pitch. Thank you to all the parents who came to support us. Finally, a special mention needs to be said to Mr Robinson as this was his last Gresham's match as Headmaster! Well, played everyone.

U12 vs Belmont

A **great comeback** victory for the U12A team. The boys were slow out of the blocks and conceded 2 tries in the first minute to give Belmont a huge advantage. Once they started to play it was a pleasure to watch, some great running and off loading by Shane, combined with clinical finishing from Kush and Jimi ensuring a comfortable lead of 6-9 with 5 minutes play. Belmont never gave up and scored 2 late tries to put the pressure on the U12 boys, but they held their nerve and some great defensive tackling and team spirit ensured the victory. A brilliant start to the Rugby season. The boys showed togetherness and should be proud of their efforts.

This was a fiercely contested win for the U12B team in their first rugby fixture this year away to Belmont. We were caught napping from the first whistle, allowing Belmont to score 2 early tries due to our lack of line speed and defensive pressure. However, we responded with some well-constructed tries through sharp hands, assertive ruck clear outs and strong hard running which saw Kian A and Armaan get over the line. Further tries were scored by Kabir, Abdullah and Remika, with some bone crunching tackles from Krish, Ahaan and Rehaan. Strong carries from George G and Remika, kept us on the front foot in attack and we were able to hold on to win 6-5. Well played boys, hopefully we can improve on our defensive line speed for the next game.

In their first fixture of the season, the U12C team showed a lot of resilience and fight away at Belmont. The boys fought back time and time again from losing positions, managing to tie the game up just before the end. Many of the boys showed great heart with their tackling and George L was a particular standout in this department. Kian J captained the boys well however, man of the match for this game was Kian P after scoring four tries and leading the boys in their defensive line speed.

U13 vs Belmont

On Wednesday 15th September the U13A played against a very athletic and strong opposition. St John's started very strongly, playing an excellent brand of rugby. We stuck to our structure and used the width very well, stretching the opposition thin to create the holes to run through. Our support for each other looking for the offloads was excellent and great to see. Belmont kept on coming back at us with their strong wingers who were too fast for our wingers, but we kept our heads held high. Overall, I was very happy with our performance and the boys should be too, we know what we need to work on and we will come back stronger for next Wednesday's game against Davenies. Well Done Boys!

Try Scorers : Sahib, Jacob, Amos, William, Sahib

Man of the Match: William

On a glorious afternoon for rugby, the U13B team played their first competitive fixture for nearly 2 years. In the first half this inexperience was evident, with tackles being missed, and some handling errors leading to Belmont scoring a number of tries in quick succession. In the second half, St. John's put in a much better performance, making tackles, running with the ball and making much better passes. With this improved ball retention, the B team made significant ground but never quite managed to get over the line and score a try. Belmont continued to score freely and the final score was 14-0. A tough first game but the boys should be pleased with the improvement that they made during the game and proud that they stuck to their task so admirably. Man of the match was the captain Ishaan for leading the team by example, with special mentions to Vihaan, Lucas and Yash

Early morning sports club

The early morning sports club started on the b of the bang this week. It's feels great to exercise in the morning and spend time with our friends.

Training for the London Youth Games

Almost every Friday in the holidays, boys trialing for the London Youth Games would attend training sessions for the coach to see how each and every one of us played.

Every week, we would start with a laps warm up, stretches and exercises. We would then get into the Drills for the day and finish off with some intense matches between all of us. By the end of every week we had learned new things to prepare us for the Games. We learnt about circle entries, short corners, gameplay and we did stamina tests. The day before the tournament, the coach told those who had been picked for the final team.

We were really proud to be selected to represent Hillingdon in this U14 squad and to wear the Hillingdon team kit. We were the youngest players and learnt a lot playing in a team with older boys. The event was held at Brunel University and

there were four other Boroughs to play against; Camden, Westminster, Ealing and Harrow. The Mayor of Hillingdon was present, cheering our team on and there was a festive atmosphere with lots of other sports also being played.

The last qualifier game was the most exciting, we had to defend really well as both Hillingdon and Westminster were very determined to win. We found out we were in the play-offs for 3rd and 4th place against Westminster. We started well with an early 1-0 lead but later had to go into nail-biting penalty flicks. Vikash (Nishant's brother) needed to score to confirm a win. It was an amazing finish into the top corner which gained us victory. The Mayor of Hillingdon gave us some words of encouragement and awarded us with our bronze medals at the end. We were very proud.

Rehaan, Rafi and Nishant (Year 7)
