

Year 6 have new roles of responsibility

In this edition of The Lamb we celebrate all the Year 6 boys who were awarded with roles of responsibility in assembly on Monday. Congratulations to you all: your hard work and talents will assist the smooth running of the School. This morning our Houses met for the first time this term and welcomed their new Year 3 members. Our Senior School Transfer Event on Wednesday was a wonderful afternoon of advice and inspiration, introducing parents and children to the choices they will have in the years to come. Many thanks to all the schools who attended for their support in making the event such a success. We have all focused on caring for others, wearing jeans today to support the charity 'Jeans for Genes'. We will continue our charity work in school next Friday with our Macmillan Coffee Morning and this Sunday in Northwood, when many of us will take part in the Moor Park Fun Run in aid of the Mount Vernon Cancer Centre. I look forward to seeing as many of you as possible there – good luck to all runners and supporters!

From the
Headmaster

Senior School Transfer Afternoon

A huge thank you to everyone who joined our Secondary School Transfer Event on Wednesday. We are so grateful to the fantastic schools who came to meet our families including ACS International School, Aldenham School, Belmont Mill Hill, Berkhamsted School, Haberdashers' Boys' School, John Lyon School, Merchant Taylors' School, St Albans School, St Margaret's School, and Wetherby Senior. It was a wonderful afternoon of advice, inspiration and exciting conversations about the next steps in our boys' educational journey. Thank you to our families for coming along and to all the senior schools for their support in making the event such a success.

Gardening Club for our green-fingered boys

Planting the nursery entrance planters in the sunshine today was great fun for our first gardening club of the year. We are looking forward to the bulbs appearing in spring. We hope families will enjoy the boys' hard work.

DT&E Club assemble

Having attended St John's myself, it is incredibly special to now be bringing my own son here. I have such fond memories of my time at the school. We are absolutely delighted to see him become part of the St John's community and are excited to watch him grow, learn and create his own happy memories here.

Hamza teaching Year 3 about Islam

Mr Jenkin and Mr Baldock at our Senior School Transfer Afternoon

Beyblades before school!

How do you turn three random events from an envelope into a cohesive piece of theatre? Just ask Year 5. For their very first drama lesson, the children put their improvisation skills to the test, focusing on speaking audibly and acting convincingly. It was highly amusing to see the creative ways they weaved their secret plot twists into the storytelling. A wonderful, light-hearted start to the term!

Woods play

In assembly on Monday, Mrs Rupal Patel encouraged us to take part in the 25th Moor Park Run this Sunday

We loved wearing our Jeans for Genes

Lambs

Badgers

Otters

Cygnets

It's been a very varied diet in Year 4 this week

Year 4 experienced some fine dining of a literary kind. The classroom was transformed into 'Willow & Oaks', a Michelin-starred restaurant where Ms Nayager and Mrs Patel served up refreshing juice and biscuits. The main course, however, was a magnificent spread of books from the Class Library and Topic Box. The children thoroughly enjoyed sampling a diverse menu of genres, whetting their appetites for a fantastic year of reading.

Then it was out into the fresh air to sort themselves into timeline order, from dinosaurs to the first man on the moon. Good job Year 4.

Let the Music begin

Big Band with Mr Gathercole

Year 6 are learning to play Blues chords

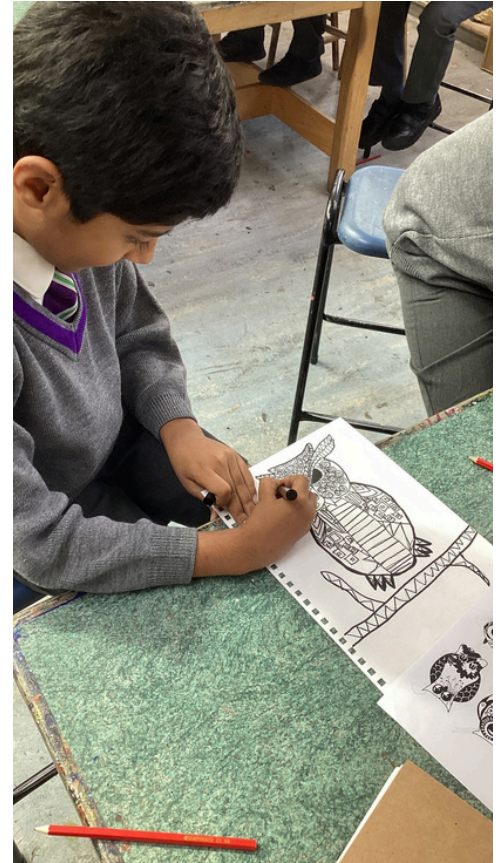

The Art Department is in full swing!

Our projects are already in full swing, and we're only into Week 2! Year 3 have been learning all about backgrounds, middle grounds, and foregrounds, while some of our Year 4 boys have already finished their fantastic skeleton hand studies. Year 5 have been enjoying creating and exploring patterns, and Year 6 are learning to paint like Monet, experimenting with his beautiful Impressionist style.

Circuit building in DT&E

Year 6 learning to sew

Year 6 Rugby Club is fun!

The Year 6 boys had a great time in their first rugby club of the year. Send your boys along to join in the fun!
